Shareholders Meeting

Tuesday August 17th 2004, at 8pm

United Reformed Church

Coffee Morning

Thank you to everyone that came along to the recent coffee morning, despite the bad weather.

Our visitor from America enjoyed meeting those tenants present and was greatly impressed by our estate. I hope that everyone enjoyed the get together.

Office

Susan Swann has taken over the position as secretary for the estate. She would like to thank tenants and committee for making her feel so welcome in her new job.

The top of Lilac Avenue looking towards Keyham Lane from 1910. It clearly shows the 'posts and 3 strands of wire' fencing around the properties, but it looks bare without any of the trees.

The Office hours are now 8-30am – 12.30pm Monday to Friday.

Photographs

Mrs Bradshaw would like to know if anyone has any photographs of the centenary celebrations that she could make copies of to use in a collection she is putting together, all photographs will be returned. If you have anything of interest that can be used she can be contacted on **Tel. 2762097**

Lilac Walk

As many of you are aware there have been numerous problems with Lilac Walk regarding motor bikes using the walk way and also vandalism.

The estate has been trying over a long period of time to solve this problem. In recent weeks we have had meetings with the local crime prevention officer and representatives from the council. We are now awaiting a report from the council as to suggestions on what can be done; in the meantime it would help the cause considerably if tenants could report to the police any incidents that they see. These incidents can then be logged down, and even though the police may not call at the time it adds more proof to the troubles that we are having.
